WELCOME TO NEXTGEN E-MOBILITY + CHARGE EXPO & SUMMIT

A Next Generation Platform for The New Mobility & Energy World

The only charging-centric event: NextGen E-Mobility + Charge Expo & Summit strictly focused on connecting EV Charging Infrastructure and Technology to industry leaders, government officials, municipalities, utility companies, residential and commercial decision makers, and researchers from across the globe will take place parallel to the exhibition Solar+Storage NX from **7 - 9 November 2024** at Tüyap Fair and Congress Center in Istanbul, Turkey.

As the leading independent professional event focused on the education and development of specialized EV industry needs, **NextGen E-Mobility + Charge Expo & Summit** offers structured networking opportunities, educational panel discussions, and a robust expo floor providing a comprehensive attendee experience to face a highly competitive and fragmented market.

The Expo & Summit provides a one-stop-shop trade show where attendees will meet and engage with companies offering today's most innovative solutions. **NextGen E-Mobility + Charge Summit** offers unparalleled access to solutions to the challenges that real estate asset managers and urban planners face. Key players in the EV industry along with facility operators and EV infrastructure planning and investment professionals will gather to share the latest innovations in EV charging.

We look forward to seeing you at the "can't-miss" event for EV industry leaders this **November 7th - 9th, 2024!**

EXPO & SUMMIT

NEXTGEN E-MOBILITY + CHARGE EXPO & SUMMIT PRODUCT GROUPS

CHARGING INFRASTRUCTURE / CHARGING STATIONS

- EV charging stations (wall boxes, charging stations)
- Charging systems
- High-power charger, ultra-fast charger
- Inductive charging systems
- Hydrogen fueling stations
- Connector systems, charging cables
- Vehicle-to-X, bi-directional charging
- Payment systems, ICT, software
- EPC contracting, project development for charging infrastructure
- Solar-powered charging stations (Solar Carport, Solar Bike port, etc.)

ELECTRIC VEHICLES (BEV, PHEV, FCEV)

- Passenger cars
- Light vehicles (bikes, scooters, etc.)
- Commercial & special purpose vehicles, buses, trucks
- Materials for electric vehicles
- Powertrain
- Vehicle components
- Other (water-, aircraft)

TRACTION BATTERIES

- For passenger cars
- For light vehicles (scooters, bikes, etc.)
- For commercial vehicles, buses, trucks
- For railways, watercraft, aircraft

MOBILITY SERVICES

- Mobility as a Service (Transport, Leasing, Shuttle, Rental, Sharing, Pooling, Public Transport)
- Fleet management solutions

An Ideal Meeting Point for The New Mobility

NextGen Mobility Summit & Expo brings together professionals involved with the newest in design and advancements in charging systems, electric vehicles, traction batteries as well as mobility services.

Why Should You Attend NextGen Mobility Summit & Expo?

NextGen Mobility Summit & Expo will bring together the leading companies of EV Charging industry and new players of the market with a large number of industry professionals from Europe, Asia, Africa and the Middle East. The fair, where bilateral business meetings will be held, will enable all sector stakeholders to expand their trade networks.

EXHIBITOR PROFILE

Manufacturers, suppliers, distributors of the automotive, transport and battery industry

Automotive industry and mobility providers

Financial service providers and consultancies

Electric mobility, battery, charging infrastructure equipment & materials manufacturers

Tech and IT companies

Research institutes

Utilities, energy services and infrastructure companies

EXHIBITOR PROFILE

Why Should You Visit NextGen Mobility Summit & Expo?

Gain direct knowledge from exhibitors showcasing the latest EV infrastructure technologies

Solve immediate implementation problems for your EV charging site

Build professional connections in an emerging multi-billion-dollar industry

Cash in on opportunities in transportation electrification

VISITOR TARGET GROUPS

Automotive Industry

- Engineers, developers and IT experts
- Representatives from the entire EV supply chain
- Automobile suppliers
- Purchasers
- CO₂ strategists, new business development

Commercial Users & Public Authorities

- Mobility managers, fleet managers and operators
- Public transport
- Hotels, tourism, real estate, taxi services, car sharing providers
- Representatives of cities and communities, urban planners
- Government representatives, political decision makers

Energy Supply

- Municipal utilities and energy supply companies
- Grid operators
- Planners, service providers

System Integrators

- Planners
- Project developers
- Installers
- Distributors

TARGET GROUPS

WHAT IS THE SUMMIT?

NextGen E-Mobility + Charge Expo & Summit is the must-attend event for all things EV Charging. The Summit provides educational sessions focused on financing, infrastructure, operability, and ROI for EV charging. The expansive Expo Hall showcases real solutions, cost savings, and technological advances to infrastructure for all commercial and government organizations.

KEY PRACTICAL LEARNING POINTS

- Dynamics of Mobility
- New Techs: Industry 4,0 / IoT
- Smart Cities and Smart Mobility
- Intelligent Vehicle Solutions in Public Transportation
- Electric Vehicles Technologies
- Disruptive Innovations
- Efficiency on Transportation and Sharing Economy
- Carbon Capture
- Innovative Urban Mobility Solutions
- Financing of Sustainable Cities
- Electrical Transportation
- Industrial Solutions: Next Generation e-Battery / e-Motor
- Autonomous and Connected Vehicles Technologies
- Future Vision in Urban Public Transportation
- Mobility Shaped by Automotive Technologies
- Innovation / Digital Transformation for Sustainable Business Models

NextGen E-Mobility + Charge Expo & Summit Floor Plan

NextGen E-Mobility + Charge Expo & Summit takes place at the TUYAP Fair and Congress Centre - the largest, best equipped, best located and more convenient exhibition centre in Turkey. TUYAP remains popular with visitors, exhibitors and speakers thanks to its easy location, giant facilities and allround ease of use as a place to meet and do business.

Transportation Options to The Fairground

BY CAR

Continue through the TEM expressway Mahmut Bey Toll station and take the "Bahçeşehir-Avcılar Exit". Then continue in Avcılar direction, after 2 km you will reach E-5 intersection. Follow Büyükçekmece signs for 3 km to Tüyap Fair Convention and Congress Center.

BY PLANE

Tüyap Fair Convention and Congress Center is located around 40km west of Istanbul Airport, the city's main international air hub. A taxi ride from the airport can take up to an hour. If you are travelling from Sabiha Gokcen Airport, Istanbul's other international airport, a 90km taxi ride will take at least 2 hours.

BY BUS

The Söğütlüçeşme - Beylikdüzü Metrobus line stops outside the exhibition centre.

BY MARMARAY

If you are using Marmaray Line; change to M1A Yenikapı- Atatürk Airport Metro Line and get off at Şirinevler Station to connect to Metrobus Line
